Phone: +216 94853120
Sahloul, Sousse

Professional Summary

Highly motivated Data Scientist with a degree in Artificial Intelligence and Data Science. Passionate about data analysis and emerging technologies. Seeking to leverage my skills and knowledge in a dynamic team to contribute to ambitious projects and gain valuable professional experience.

Skills

- Python (Pandas, Scikit-learn, Keras, Flask, TensorFlow, PyTorch)
- Time Series Forecasting (ARIMA, SARIMA)
- Data Visualization (Matplotlib, Seaborn, Plotly)
- Big Data (Hadoop, Spark)
- Databases (SQL, NoSQL)
- Version Control (Git, GitHub)
- Mathematics and Linear Algebra (NumPy, SciPy)
- NLP (NLTK, RNNs, Spacy)
- Transformers (BERT, GPTs, Llama, Mistral)
- MLOps (Kubeflow, MLflow, Docker, Kubernetes)

Professional Experience

- **Final Year Project (Llama expert DevOps)**   **Mobelite, 2024**
  - Data scraping and preprocessing.
  - Used fine-tuning technologies such as PEFT, LoRA, QLoRA, SFTrainer, Unsloth, Hugging Face, LM Studio.
  - Fine-tuned a LLM to automate local DevOps problem-solving for the company.

- **Summer Internship (Face Detection)**   **SARTEX, 2023**
  - Developed a face detection model to recognize employees.
  - Processed images and created a model using FaceNet, OpenCV, and SVM.
  - Deployed the model.

- **Year-End Project (Intelligent Chatbot Integration)**   **EPI, 2023**
  - Data collection and preprocessing.
  - Created a chatbot using Rasa and NLTK.

- **Summer Internship (Defect Prediction Model)**   **SARTEX, 2022**
  - Data preprocessing and analysis.
  - Developed a machine learning model to predict defects.

Education

- **EPI**, Sousse, Engineering in AI and Data Science, 2021-2024
- **IPEIM**, Monastir, 2018-2020
- **Lycée Cité Riadh 1**, Baccalauréat Technologie, 2013-2017

Certifications

- 10 Coursera Certifications
- 5 Cognitive Class Certifications
- 3 Google Cloud Certifications
- 2 Data Camp Certifications
- Azure Fundamentals (AZ-900)
- ESB (Entrepreneurship and Small Business)
